

Local Remedy Brewing
Position - Bartender

At Local Remedy Brewing, we are all about family, friends, and community.

When we first started brewing, the Local Remedy community was small; family and friends who enjoyed the beers we made to share at picnics, weddings, tailgates, wherever we gathered. Thanks to their continued support, we are expanding our community via our Oakmont taproom. We're committed to creating a space that is *welcoming to all* and a destination for all those who want to share time together.

While the audience is broader, our reason for brewing remains the same: *we want to make everyone's day better with good beer shared with good people.*

We are looking for a well-qualified individual who is passionate about the Local Remedy commitment to community while helping create a taproom atmosphere of openness, fun, and a love of craft beer.
